

MSc Physiotherapy (Pre-Registration)

Academic Calendar

The following calendar gives an indication of the timing of semesters and placements for the academic year 2019-20. As these dates are subject to change, no student should make plans according to these dates until confirmed upon commencement of the programme.

Year One is common to both awards. At the start of Year Two students will have the opportunity to select to enter the PgDip stream (all students are automatically registered on the MSc at the start of the programme)

Week Beginning	Week Number	Year 1	Year 2
