8 Instalments by Direct Debit or Recurring Card Payment.

1 Direct Debit Instalments 8 monthly instalments via UK bank account from October to May.

A direct debit is a regular automated payment from a **UK bank account** direct to the University's bank account in payment of your fees. The direct debit instalment plan consists of 8 equal monthly payments from October – May.

To pay by direct debit please print off and complete the [direct debit form](#) then post it to the Finance Office or bring it with you when you arrive. Your completed direct debit form should be returned to the Finance Office at least 15 working days before the first instalment date. Payment plan dates are detailed on the direct debit form and you should select either plan A or B. If you are an **EU/international student** and intend to open a UK bank account you can arrange this after arrival.

2 Recurring Card Payment (RCP) 8 monthly instalments by credit/debit card from October to May.

To set up a RCP using your debit/credit card you should login to the [QMU Student Portal](#) where you will see your invoice and the option to pay in instalments. Please ensure the invoiced amount excludes any payments you have already made (e.g. Prepayment of £250). If the invoice is not visible or your payments have not already been deducted, please contact the Finance Office before setting up the RCP.
